

LOW/HIGH PRESSURE WAIVER FORM

Name(s) _____

Service Address: _____

I understand that Wilderness Public Service District may not be able to deliver water to the dwelling located at the above address at satisfactory pressure in accordance with Rule 5.8.d. of the Public Service Commission's Rules and Regulations for the Government of Water Utilities:

5.8.d. A customer's pressure shall be no less than twenty (20) p.s.i. at peak demand on the system or thirty (30) p.s.i. static pressure at the terminus of the utility's service line (meter box or curb box) unless the customer has waived this requirement. For all new customers desiring service on and after October 24, 2003, a customer's pressure shall be no greater than one hundred thirty-five (135) p.s.i. unless the customer has waived this requirement. The utility shall keep on file all the aforesaid waivers, in accordance with Rule 2.1.

Therefore, I agree to accept water service at the pressure the utility is able to deliver to the above address with its existing facilities. Should it be necessary to boost or lower the water pressure to provide adequate service to the above address, I agree that all installation and maintenance costs and expenses to boost or lower the pressure will be borne by me and made in accordance with the water utility's specifications.

I also understand that Wilderness Public Service District shall not be responsible for any claims of any kind whatsoever, occurring by reason of insufficient or excessive water pressure, or volume of water, intermittent supply, interruption of service, and all claims for damage or inconvenience of any kind whatsoever occurring on or within the customer's property/premises.

This waiver agreement, its terms and conditions, shall be binding on future customers served at the above location under similar circumstance. This agreement may be recorded with the county clerk of Nicholas County.
